
Application for Admission into the Management Information Systems Program

The MIS program at K-State requires a two-year sequence of courses taken during your Junior and Senior years. The courses are offered once a year in lock-step fashion. You will be assigned a cohort of peers and have access to the MIS Studios and other technology resources during this time. Missing or failing a course in the sequence may result in extending your program by up to a year. Take completed forms to the Management Office in Room 3091 in the Business Building. Priority consideration given to forms turned in by February 10th 2017.

Name _____

Email _____ Wildcat ID _____

Completed Number of Credit Hours _____ Current GPA _____

Expected Graduation Date (Month and Year) _____

Switched Majors from K-State CIS Program

Joint JCCC Health Info Systems / K-State MIS Program

Transfer from 2-year College (Enter College Name)

Switched from Other K-State Major (Enter Major Name)

Adding MIS as Double Major (Enter Other Major Name)

Why Do You Want to Become an MIS Major?

Summarize Significant Work Experience and Technical Skills Related to MIS:

Student Organizations to which You Belong:

I understand that being accepted into the MIS Major primarily is contingent upon: 1) completing MIS 366 or MANGT 366 prior to the Fall semester entering the MIS Program; 2) Completion of 45 credits; and, 3) Having a minimum 2.5 G.P.A. Other factors will be considered to ensure the creation of a diverse and technically savvy cohort.
