#### PROFILE

**Objective:** To be selected for Wildcat Consulting team to gain additional real-world experience and help the team to be even more successful.

**Personal Profile:** A leader and problem-solver with extensive knowledge and ambition. I want to make a difference for the greater good and the next goal is always on the horizon

#### WORK EXPERIENCE

### **Lifeguard & Pool Tech**

APS & Trugard I Overland Park, KS

2019 - 2021

I worked to clean multiple pools as well as worked as a lifeguard with a team. I enjoyed learning from my supervisors who were great leaders and helped me when needed. I acquired many skills such as teamwork, time management, dealing with patrons, and pool operations.

#### Owner/Operator

Rhett's Auto Detailing I Overland Park, KS

2019-Current

I started my business 5 years ago and have continued to expand it every year. I love what I do and the clients I work for. I have enjoyed owning my own business and keep pushing the business to new heights. This business has taught me how to work with clients, marketing, sales, customer support, scheduling, purchasing supplies, and the overall management of the business.

# CEO 2021-2023

The Den I Blue Valley Southwest

2021-2023

I was selected as CEO of the BVSW school store, The DEN. During my junior and senior years, I was in charge of store operations and management. This opportunity taught me many things such as: managing a team of same-age peers, inventory, online sales, pricing, marketing, and using and adapting our POS system (Square) to our needs. I also learned about working with vendors and customers in a retail setting and how to overcome problems with shipping and orders. Under my leadership, we had the most profitable year yet!

SINCERELY,

RHETT KREWSON
