Professional Strategic Selling and Spanish student at Kansas State University. May 2026 grad. Seeking a internship or job for the summer of 2025.

Summary

I am currently a senior at Kansas State University, looking for an internship/job for the summer of 2025. I plan on graduating in May of 2026. I am a Professional Strategic Selling major and also am getting a major in Spanish. I am interested in any business position but I am very passionate about sales as I love to get to interact with other people.

I am also in the Kansas National Guard as an enlisted soldier which I enlisted in October of 2020. Then I decided to join the ROTC program at K-State so I can become an officer after I graduate. Once I graduate I plan on being a part time National Guard member.

I have also held part time jobs as a kitchen worker, server, and working for the K-State and Wichita Wind Surge sports broadcasting teams as a cameraman helping with the graphics for the sporting events.

All of these experiences above have helped in numerous ways but most importantly to be able to interact with customers and learn how to be a leader in the military.

I currently have a 3.25 GPA with a Limestone scholarship and I am a member of the Beta Theta Pi fraternity at K-State
