GET TO KNOW YOUR RESOURCES

Academic Advisors

ACADEMIC ADVISORS are here to assist you with academic planning and all aspects of your college career.

- Meet with you at least once a semester to plan your schedule and discuss academic programs
- Refer you to offices and resources on campus that match your interests and needs
- Help you to stay on track to be successful at K-State and beyond

Career Coaches

CAREER COACHES are here to provide guidance and resources to enhance your career readiness.

- Available by appointment to discuss career paths and internship/job search strategies
- Provide timely advice on resumes and prep for upcoming career fairs, interviews, etc.
- Connect you with recruiters, mentors, and other alumni for networking and career insights
- Guide you in understanding the hiring process, evaluating options, and communicating with employers

Faculty

FACULTY are here to teach your courses, provide assistance with course materials and to help with industry-related questions.

- Available during office hours to discuss course-related topics and their professional field and industry experience
- Provide instruction and assistance with course materials
- Advise student clubs and organizations

Advising Assistants

ADVISING ASSISTANTS are here to provide tips for enrollment and information about scheduling of courses.

- Answer basic questions about each business program's requirements
- Explain how to use KSIS and DARS for academic planning
- Share information about college activities and student clubs
- Help draft long-range plan

Peer Mentors

PEER MENTORS are here to serve as guides for new students in their first semester.

- Help you find campus and college resources
- Identify opportunities to get involved in co-curricular and extra-curricular activities
- Share their knowledge and experience to help you make a smooth transition to K-State

Academic Tutors

ACADEMIC TUTORS are here to explain course concepts that you are struggling with and provide academic support outside the classroom.

- College of Business tutors can help with most introductory business courses
- University tutoring can help with courses taught across the campus
